

## FOOTBALL AT ITS HEIGHT

Less Than Three Weeks De-  
cide Championships.

### CONDITION OF THE TEAMS

First of the Great Contests Comes Sat-  
urday Next — The Splendid Op-  
tense of the Harvard  
Varsity.

Next Saturday marks the beginning  
of the end in the football season of 1905  
for the big eleven. The first of the  
championship games will be played when  
Harvard meets the University of Penn-  
sylvania on Franklin field in Philadel-  
phia and Cornell journeys to New Jersey  
for the annual contest with Princeton.  
Interest naturally centers in the former  
contest, for Cornell has dropped steadily  
backward this season and Princeton will  
be the first to close her season, winding  
up with the game at Yale a week from  
Saturday, while the Quakers still have  
a month to go, meeting Western Univer-  
sity, Columbia and Cornell on successive  
Saturdays following the Harvard game.  
Cornell and Columbia have two more  
games on their schedules. Thus far  
the contests have been more than usu-  
ally interesting from the viewpoint of  
the public. They have been character-  
ized by more open play, including end  
runs, dashes outside of tackle and spec-  
tacular work in broken fields. Even  
more sensational plays are looked for  
in the big games that will wind up the  
season. Both Yale and Pennsylvania are  
playing the open game this fall, and Har-  
vard, while depending much on the close  
tandem plunge, has numerous other  
plays of the open variety, in addition  
to split plays from the tandem forma-  
tion.

For the first time since the Columbia  
game of last Saturday, the Yale foot-  
ball eleven was yesterday afternoon or-  
dered to take scrimmage practice. Morse,  
Pitts, Cates, Tad Jones and Captain  
Shevlin will be out of the lineup. None  
will play before the Brown game and  
Jones, Cates and probably Morse will  
not face Brown.

Dartmouth's practice Tuesday after-  
noon was noteworthy for the absence of  
most of the regular team. Glaze, who  
used himself up in the Princeton game,  
will not be able to get into any work  
this week. Pritchard will probably play  
the end against Amherst Saturday. Lerr,  
who sustained an injury to his leg Sat-  
urday, was not out and will have a few  
days' layoff at least. Kennedy, who  
played such a rattling game until he  
lost his ankle in a tackle, will also be  
kept out of the squad a few days. Thayer,  
left guard in the game with his studies now,  
but expects to join the squad again to-  
day. Blake has been shifted from tackle  
on the second team, and is now filling in  
for Thayer. Griffin, at center is suf-  
fering from a cold, and is now being  
worked while the coaches are giving him  
a needed rest.

### THREE STRAIGHT.

Eurekas Took Three Strings from the  
Students.

The Eurekas of this city took three  
straight strings from the Students of  
Montpelier in the Interscholastic foot-  
ball league match at Daley's Montpelier at  
last evening. Watch of the Eurekas  
was high man, with a single of  
201, and three string total of 556. Cap-  
tain Felt of the Montpelier team was a  
dism second, with one string of 199.

Witte's Opinion of Roosevelt.  
The private opinion formed by one  
great man concerning another is always  
interesting. I am able to give an extract  
from a private letter from Count Witte  
concerning President Roosevelt which, I  
think, will be read with special interest.  
"From a moral standpoint," writes Count  
Witte to a friend, "the President of the  
United States is a statesman of large  
caliber. Born in a time when politicians  
are more children of their century than  
of their history, he owes his high posi-  
tion, which he fills more worthily every  
day, exclusively to his personal quali-  
ties, fact and clear vision. The world  
recognizes this. When one speaks with  
President Roosevelt he changes through the  
elevation of his thoughts and through  
that transparent philosophy which per-  
meates his judgment. He has an ideal,  
and strives for higher aims than a com-  
monplace existence presents. In the  
suburban struggle of the day men like  
Mr. Roosevelt have no leisure, for they  
are soldiers who cannot be relieved from  
the danger line."—London Daily News.

### Rife Range in Church Vaults.

Lord Roberts on Saturday descended  
the extensive vaults beneath the church-  
yard of St. Martin-in-the-Fields, West-  
minster, and there opened a new tube  
rifle range, which has been constructed  
for the Westminster City Council Rifle  
Club. The length of this recently situ-  
ated range is twenty-five yards—the  
equivalent of an ordinary range of 200  
yards.

Lord Roberts said his daughter and  
several of his staff in India began their  
shooting with a pea rifle in a ballroom,  
and his staff officers developed into ex-  
traordinary good shots.—London Daily  
Express.

### FIVE NEW CARDINALS.

Two Consistories to Be Held in Decem-  
ber at Vatican.

Rome, Nov. 9.—It is considered cer-  
tain that a secret consistory will be  
held Dec. 11 and a public consistory  
Dec. 14, and that Mgr. Caggiano de As-  
sede, major-domo of the Vatican; Arch-  
bishop Cavallotti de Albuquerque of  
Rio Janeiro; Archbishop Shimola of Se-  
ville; Archbishop Samana of Elau, Hun-  
gary, and another prelate, whose name  
is not yet known, will be created car-  
dinals.

### PROTECTION FOR MISSIONS.

The Viceroy at Canton Takes Action in  
Cases.

Washington, Nov. 9.—A cablegram re-  
ceived at the State Department from  
Minister Raskhill at Peking, states that  
he has received advice from the viceroy  
at Canton, dated the sixth instant, say-  
ing that he had ordered the magistrate  
at Yungkat to take extraordinary meas-  
ures to protect the missionaries and  
mission stations.

## COACHMAN SAYS

DEBTS ARE \$85,614.81

John A. Merrigan Surprises Court Offi-  
cials When He Files Petition in  
Bankruptcy—Assets Appraised  
at \$300.

Boston, Nov. 9.—John A. Merrigan,  
coachman, filed a petition in bankruptcy  
yesterday, confessing debts to the  
amount of \$85,614.81.

It is said in the United States Court,  
wherein he has pleaded to be relieved of  
them.

Court officials when they looked at his  
petition inquired "How could a man who  
drove horses and carriages ever get so  
deeply involved?"

Merrigan's assets are as small propor-  
tionately as his liabilities are high. He  
owns a small property appraised at  
\$300. His assets are household furnish-  
ings.

He lives at No. 23 Harvard street,  
Brookline, and is employed as coachman  
for Mrs. Louise and Miss Elizabeth M.  
Kohl of No. 62 Marion street, that town.

Merrigan's wife is a small propor-  
tionately as his liabilities are high. He  
owns a small property appraised at  
\$300. His assets are household furnish-  
ings.

Merrigan's liabilities include \$308.40  
due for taxes. Out of the total amount  
of his debts, \$73,000 is secured and \$9,  
606.41 is unsecured.

### Declined the Case.

A young but prosperous lawyer of this  
city yesterday told this story of a case  
he had just refused to handle. A woman  
whose son was about to be placed  
on trial for burglary sent for the attorney  
to meet her in court. He hastened  
thither with all speed, and when he en-  
tered the Court room the old woman  
rushed up to him and in an excited voice  
said: "Mr. B. I want you to get a  
warrant for my boy Jimmy." "Very  
well," replied the lawyer, "I will do my  
best, but it will be necessary for me to  
prevent the Court some ground for a re-  
mand. What shall I say?" After think-  
ing for a moment the woman offered her  
suggestion, "Must say that I want to  
speak for the boy," the anxious mother  
replied. The lawyer told her she had  
better get that other lawyer at the  
court, and left her a very much surprised  
woman. He didn't know whether to  
laugh or get mad on his way back to  
his office. He finally concluded it to be  
a good story and is now busy telling it  
to his friends.—Philadelphia Record.

### Friendly Criticism.

Brushley—What are you going to do  
with that picture you just finished?  
D'Auber—I sold it to the proprietor  
of a small cafe this morning.  
Brushley—Well, he evidently knows  
his business.  
D'Auber—What do you mean?  
Brushley—That picture is enough to  
drive people to drink.—Chicago News.

## WORTH KNOWING.

When it is known that its power to  
strengthen the system and build up the  
body is why Father John's Medicine  
cures colds, it will be understood why  
it is so valuable as a tonic and for  
driving the impurities out of the blood.  
It feeds the tissues and makes strength.  
Prevents pneumonia and consumption.  
Not a patent medicine and free from  
poisonous drugs. Fifty years in use.

### PERSONAL.

Mrs. Flora Clark of Connellville,  
Penn., says: "After a severe cough,  
which lingered a year, no other medi-  
cine helping me, I have been cured by  
Father John's Medicine."

**FATHER JOHN'S  
MEDICINE**  
Strengthens the system, builds up the

## THREE DIE IN OFFICE FIRE

Scores Near Death on Roof  
of Newspaper Building

### IN SAN FRANCISCO, CAL.

San Francisco Chronicle in Flames, While  
Crowds Watch the Election

Returns—Many Nar-  
row Escapes.

San Francisco, Cal., Nov. 9.—Fire  
broke out in the tower of the Chronicle  
building at midnight Tuesday, and three  
employees of the Chronicle in the etch-  
ing room are reported to have perished.

Scores of people were upon the roof  
of the building watching the election  
signals when the fire started at the foot  
of the tower, completely cutting off their  
escape, except by means of ropes and  
ladders, which were later provided by  
the fire department.

The fire burned its way downward  
into the etching room beneath the tower,  
then to the composing rooms on the  
eighth floor. The editorial rooms on  
the seventh floor soon became untenable,  
and the employees were forced to  
flee for their lives.

The Chronicle building was erected in  
1902, is ten stories high, and cost \$700,  
000. The fire started from bombs being  
fired in celebration of the results of  
election.

### MORMONS LOSE SALT LAKE.

American Party Elects the Entire City  
Ticket.

Salt Lake City, Nov. 9.—The Ameri-  
can party, founded for the express pur-  
pose of overthrowing the influence of  
the Mormon church in municipal affairs,  
gained a complete victory in the elec-  
tion. Ezra Thompson was elected mayor  
by a plurality of 925 over Richard P.  
Morris (Dem. and Mormon), who was  
a candidate for re-election.

The entire city ticket of the Ameri-  
cans was elected by about the same  
vote. The Americans will have control  
of the council, having elected six council-  
men to act with the two gentile hold-  
overs.

### "BOSTON'S JEROME."

John B. Moran Wins a Lone Fight for  
District Attorney.

Boston, Nov. 9.—The big surprise of  
the evening was the election of John  
B. Moran, independent candidate for dis-  
trict attorney of Suffolk county, over  
Mr. J. Sughrue, who had Republican and  
Democratic endorsement.

Among politicians and others gener-  
ally, Moran's canvass was considered a  
forlorn hope until the votes were count-  
ed, when it was found that Moran was  
ahead by some 4,000.

### Mr. Rigney's Snake-Eating Rooster.

When it comes to a fish story, Cashier  
Jordan probably has this town at his  
mercy, while the Rev. George tells a  
very good deer story; but when it comes  
to a snake story, Farmer Rigney takes  
the cake and everything else in the  
bakehouse. Mr. Rigney is the owner of  
as fine a lot of thoroughbred poultry  
as can be found in this part of the  
state, and is very jealous of his White  
Leghorns and Plymouth Rock hens.

So, Friday evening last, as he was  
doing the chores, he became anxious  
when he noticed one of his roosters  
hanging in a corner of the cellar. Leaving  
his work, he went over and picked the  
bird up, but dropped it quicker than  
a fellow could say "scat," as he noticed  
and felt about eight inches of snake  
hanging from the rooster's mouth. Go-  
ing at the job carefully, Mr. Rigney,  
by placing his foot on the tail of the  
snake and lifting up Mr. Rooster, caused  
the latter to disgorge over twenty inches  
of his snakeskin that he had swallowed  
before balking on the ten inches that  
was left. The snake was dead, having  
been killed by the rooster, and after the  
stomach pump work conducted by Mr.  
Rigney the rooster soon rounded to form  
again.—From the Lake City, Cal., Times.

### THE ROYAL BOX.

The mikado is an intelligent man,  
well educated. It is said he is credu-  
lous for a degree of Ph. D.

In the past year the German imper-  
or with his own hand wrote 700 let-  
ters, telegrams and orders and has  
personally attended to nearly 6,000 for-  
eign affairs and over 200,000 cases on  
home matters.

King Alfonso has received one of the  
strangest gifts ever presented to a  
monarch. It is in the shape of two  
fine rugs made from the hides of the  
horses which were killed by the bomb  
thrown at the young Spanish king dur-  
ing his recent visit to France.

Queen Alexandra of England is, like  
most women, ill at ease on the rostrum.  
Her voice is low and sweet,  
with just the suspicion of foreign ac-  
cent about it. There is an almost pa-  
thetic note in its tones that lingers in  
the memory hauntingly. However, all  
her subjects loyally declare that she is  
a most charming speaker.

### Rings and Fits.

Silver rings are worn by laborers in  
certain European countries, the owners  
being firmly convinced that such a ring  
is a sure protection against fits. This  
idea has probably arisen from the fact  
that mercury, commonly called quick-  
silver, was formerly used as a remedy  
for epilepsy, and by an erroneous pro-  
cess of reasoning silver has been credit-  
ed with similar virtues.

## Whiskey or Food

Which Do You Take?

Some Interesting Remarks on the Sub-  
ject.

"To be  
Or not to be;  
That is the question."

To be strong and healthy or to be  
weak and sickly; which do you prefer?  
Health is a gem of priceless value and  
with health strength can be acquired.  
Strong men and women are the Nation's  
pride and are responsible for the  
proper development of future genera-  
tions. To become strong one must have  
lots of good healthy flesh from which  
to develop muscle.

Persons leading sedentary lives and  
those employed in factories, mills, etc.,  
do not have the natural strength which  
is possessed by those whose occupations  
keep them out of doors. Inactivity  
and confinement indoors cause a relaxa-  
tion of the muscles and consequently  
strength does not develop.

What shall be done for these people?  
Many turn to stimulants and get tem-  
porary relief, but the effect is not last-  
ing. Others take the various remedies  
which are offered, but these are worse  
than nothing. Most of them contain a  
large percentage of alcohol, and while  
they may produce an exhilarating effect  
at the start, their use works untold in-  
jury. They slowly but surely disor-  
ganize the system, and when their use  
is discontinued the reaction sets in which  
leaves the victim in a condition where  
it is necessary to use energetic meas-  
ures. An examination of the tissues of  
the body will disclose the fact that the  
alcohol which is being taken into the  
system inflames and consumes them,  
instead of healing and building them up.

What shall be taken when your sys-  
tem is run down and your vitality low?  
Obviously what is needed is a food that  
produces fat and repairs the wasted  
tissues—something that enriches the  
blood and increases circulation; a build-  
er, not a destroyer.

Such a food is Mager's (Malt) Emul-  
sion. It is a combination of pure Nor-  
wegian Cod Liver Oil with syrupy Dia-  
stase non-alcoholic Malt Extract and Hy-  
pophosphites of Lime and Soda. The oil  
is fat and makes fat in the body. The  
malt, according to physicians, is the  
highest form of food known, and the  
hypophosphites are a tonic. You thus  
get a food, a medicine and a tonic com-  
bined. If you are run down Mager's  
(Malt) Emulsion will build you up just  
as surely as the sun will rise on the  
morrow. It guards you against Colds,  
Grip and Pneumonia by putting your  
system in shape to withstand the rav-  
ages of winter weather. It builds up  
steadily and holds all it gains for you.

Beware of the wine preparations of  
cod liver oil. They contain no oil and  
consequently cannot produce the fat  
which is desired, and the alcohol in  
them tears down instead of building up  
the tissues.

Remember Mager's (Malt) Emulsion  
is non-alcoholic; it contains no wine,  
no whiskey; it is food and food alone.  
It may be procured of E. A. Brown,  
Druggist, 48 Main street, Barre, Vt.

### A CEMETERY DISPUTE.

Miss Sylvia Whithead Must Move Monu-  
ment Foundation.

Brattleboro, Nov. 9.—Chancellor  
James M. Tyler has filed with the  
county clerk his decision denying the peti-  
tion of Miss Sylvia Whithead, of Vernon,  
for a dissolution of the injunction recent-  
ly issued against her restraining her from  
erecting a monument in a certain spot  
in the Whithead cemetery in Vernon.  
Miss Whithead had the foundation in for  
a monument in a walk leading to the  
Frost burial lot. J. O. Frost, Miss Julia  
Frost, and Edward Frost asked for an  
injunction, on the ground that they had  
a right of way in the walk and that the  
monument would interfere with it. An  
injunction was issued and then Miss  
Whithead refused to have it dissolved,  
claiming that the spot selected for a  
site was on private ground. The chan-  
cellor holds that if the Frosts have used  
the walk continuously fifteen years, as  
they claim, they have a right of way  
over the walk for its entire width.

### GIRL COMMITS SUICIDE.

Suffering From Temporary Insanity Due  
to Religious Mania.

New London, Conn., Nov. 9.—Miss  
Henrice Russell, daughter of Henry E.  
Russell, New Britain manufacturer,  
who has a summer residence in New-  
avenue, this city, committed suicide dur-  
ing the night, taking carbolic acid.  
It is supposed that she was suffering  
from temporary insanity, due to religio-  
us mania, as she is said to have left  
a note to her father, saying she had  
been a wicked girl. She was twenty-two  
years old.

### DOMINGO UPRISING NEAR.

Navy Department Takes Steps to Main-  
tain Peace.

Washington, Nov. 9.—A revolutionary  
movement has developed in San Dom-  
ingo and an uprising is threatened.  
News to this effect has reached the  
government here, and the preparatory  
steps are being taken by the Navy De-  
partment, at the instance of the State  
Department, to maintain peace.

### \$100—REWARD—\$100.

The readers of this paper will be pleased to  
learn that there is at least one divided disease  
that science has been able to cure in all its  
stages, and that is Catarrh. Hall's Catarrh  
Cure is the only positive cure now known to the  
medical fraternity. Catarrh being a constitu-  
tional disease, requires a constitutional treat-  
ment. Hall's Catarrh Cure is taken internally,  
acting directly upon the blood and mucous sur-  
faces of the system, thereby destroying the  
foundation of the disease, and giving the  
patient strength by building up the constitution.  
It does not require a long time to cure. The  
proprietors have so much faith in its curative  
powers that they offer One Hundred Dollars  
for each case that it fails to cure. Send for list of

### COMPLAINS OF SUPPORT.

He Pledges Constituent Assembly to  
Zemstovists—Stubbornness of Lib-  
erals Bring Success—Oligarchy  
in Workmen's Control.

St. Petersburg, Nov. 9.—A government  
proclamation was published yesterday  
morning calling attention to the diffi-  
cult position of the troops during the  
disorders of the past week. It declares  
that they simply performed their duty  
and should be praised rather than blamed  
for preserving order, especially in the  
streets of the capital. The follow-  
ing official communication also is pub-  
lished: "As the diverse regions of Rus-  
sia are becoming pacified, it is evi-  
dent that the acute crisis, precipitated  
by the shock of the new system in col-  
lision with existing tendencies, ap-  
proaches an end. The tragic and deplora-  
ble events of the past week in many  
parts of the empire may be regarded  
as the spontaneous reaction of the con-  
servative elements of the population  
against the manifestations, perhaps ex-  
aggerated, of the radical elements. On  
the other hand, it is impossible to deny  
that in certain cases this reaction was  
favored by the agents of local adminis-  
trations. The government is far from  
ignoring or dissembling this fact, even  
if by so doing it could support the an-  
cient regime, while at the same time  
it expresses its firm resolution herewith  
to march in the way of progress.

Among the agents of the administration  
there exist enemies of the new system  
who are trying to oppose by every pos-  
sible means the realization of reforms."  
Witte Will Grant Constituent Assembly.  
Count Witte has definitely pledged  
himself to support the plan for the con-  
vocation of a constituent assembly when  
the Douma meets if a single representa-  
tive raises the question. He is ex-  
ceedingly anxious to win the support  
of the Zemstovist party, which he does  
not hesitate to declare conforms nearest  
to his political ideas and which he con-  
sidered the most influential factor in the  
future political life of the country. The  
count has been in almost constant con-  
sultation with the leaders of this party,  
but they have steadily refused their al-  
liance except on the condition of the  
convocation of a constituent assembly  
based on universal suffrage. Count Witte  
has as persistently opposed the demand,  
insisting that the matter was for the  
Douma itself to decide. At the same  
time he announced his personal belief  
that in the end such an assembly must  
be summoned. Finally, in the course  
of a long conversation with M. Ivan  
Petrunkovitch, a member of the Moscow  
Agricultural Society, the count said:  
"I give you my word of honor that if  
when the Douma meets one representa-  
tive demands a constituent assembly I  
will support him."

The resignation of M. Kokorovitch, min-  
ister of finance, and the appointment of  
M. von Shchegolev as his successor, is  
officially announced. It is proposed to  
organize a new ministry of commerce  
to be composed of the commercial and  
industrial sections of the existing min-  
istry of finance and the administration  
of commercial navigation.
